SUMMARY

Versatile Software Developer skilled in Full Stack Java Development and cross-platform app development using Flutter. Proficient in Java, Spring Boot, RESTful APIs, and front-end technologies like HTML, CSS, Angular, and React. Experienced in building scalable web and mobile applications during an internship, with strong knowledge of MySQL and MongoDB. Quick learner passionate about delivering efficient web and mobile solutions.

WORK EXPERIENCE

Software Developer Intern at Kaizen Soft Services, Pune Jan 2025- Present

- Created a Matrimony Mobile Application using Flutter, featuring a modern and intuitive UI/UX with smooth navigation and cross-platform compatibility. Integrated SQLite for local data storage, enabling offline access and efficient data management on both Android and iOS devices.
Skills: Flutter, Dart, Mobile App Development, UI/UX Design, Cross-Platform Development, SQLite
- Used Spring Boot to build and test RESTful APIs for the Flutter Matrimony App. Implemented GET and POST requests to enable smooth communication between the frontend and backend, including user registration and data fetching. Ensured secure and efficient data exchange.
Skills: Spring Boot, Java, REST API Development, Backend Integration, Flutter Backend Testing.
- Developed a Car Mechanic Services Website using HTML, CSS, JavaScript, and Bootstrap to create a responsive and user-friendly interface. Implemented interactive UI elements and ensured cross-device compatibility. Focused on clean design principles and performance optimization for fast page loads and smooth user interactions.
Skills: HTML, CSS, JavaScript, Bootstrap, Responsive Web Design.
